## THE LOOK AND FEEL OF NATURAL SURFACES

A STORY THAT ADDS NEW CHAPTERS EVERY TIME. Hidden away in the varied, multi-faceted appeal of marble are stories from the past and present, pulsating with life. A fine line separates the artificial from the natural, when light spreads through and leaves its mark on surfaces strongly bonded with the living styles of the future.

## MATCHING MATERIALS

The many inspirations behind the Aspino range can be used to customise any space and create constantly changing material effects. Stone, wood, metal, marble and decorative pattern are skilfully combined to create a surprising crossover style ideal for highly contemporary architectural solutions.

The rigour of stone is transformed through creative research into surface processing techniques. Aspino reinterprets in a palette of dusty colours and a vast array of finishes, lending sober elegance to a wide range of glaze vitrified tiles.
